### III International Scientific and Practical Seminar

## **DIGITIZED HERITAGE: PRESERVATION, ACCESS, REPRESENTATION**

Subject:

**TYPES, QUALITY, RIGHTS and LICENSE of DIGITIZED RESOURCE**

---

**November 26-27, 2015**

State Polytechnic Museum (at NTUU "KPI") will hold the annual scientific and practical seminar, the third in a **series of informational and training events on the subject of digitizing of historical, cultural and scientific heritage** stored in archives, museums, libraries and private collections.

**The objective** of these events is to familiarize professionals with advanced international practices and technologies of digitizing, development and integration of digital collections, access and use methods.

**The format:** lectures, presentations, trainings, workshops, professional meetings: discussions to find appropriate technological solutions.

Moderators and spokespersons are the **highly experienced experts** on digitizing and related areas of information and communication technologies.

**Participants are welcome:** the experts and the heads of archives, museums, libraries, publishers, the owners of private collections, the scientists and everyone wishing to acquire knowledge and skills in the field of digitizing technologies.

---

**On the third seminar main types of digital content, requirements to digitized content and metadata quality, rights and licenses for using of digital collections are scheduled to be considered. Advanced practice of digital content forming and successful Heritage digitization projects will be showed.**

**Working languages:** Ukrainian, English, Russian.

**On completion the participants will receive the Certificate**
